DEVELOPMENTS BEING PUSHED.

Fifty Men Regularly Employed-Leveling Mountains and Filling Up Valleys-Utah Coke a Success

A petition was received from William Asper & Co. and others, making the privilege of tapping the water mains leading to the Silver iron foundry. Reforred.

Bishop Brown asked the privilege of connecting with a certain private service water pipe. Referred.

A petition was received from Frances C. Samers, taking for the extention of the water mains along Apple sizest from Curtant street. Committee on water works.

A position was received from frances C. Samers asking for the extention Curtant street. Committee on water works.

A position was received from the Salt Lake Brewing company asking permission to lay a private pipe from its property on the corner of Second South and Sixth East streets to its bottling works on the corner of Fifth South and Tenth East. Referred to the mayor with autority to net.

A petition was received from Sana Ann Daft, asking permission to pile building material in from of 195 East Temple street, and also asking that the grade and line of said street be given to her. The former request was granted, and the city surveyor was instructed to establish the lines in question on payment of the proper fees. The Castle Gate coal mines are attract-ng no little attention at the present. They are situated about one and a half miles be ow the fur-famed Castle Gate, and were discovered six months ago by two miners breaking ground at the surface, the seam then being about four feet thick. are two main drifts, writes a correspond ent from the mines, which have been run a distance of 1,200 feet, the seam gradually thickening till now it is live feet six Inches, and growing as development progresses. Fifty men are employed at the mines, and twelve cars of the best coal in Utah are being shipped daily. Two other mines are being opened, which will give employment to quite a number of men in a short time. There are few houses here as yet, but for half a mile up and down the canen the pince is lined with tents, in which men are The following communication was read-ted the Homorable Mayer and City Council of Salt Lable City. Gentlemen:—The Utah Produce Exchange is in association of incluses men in the Territory of Utah, organized for the purpose of regulating vices matural protection, among its members, and vicomoting the introduction among its members, and vicomoting the introduction for growers, eathers and shippers of Utah. Among its other officers are committees for the inspection of morehandles shipped to and roun the Territory.

living with their families.

The company has a boarding house where about eighty, mostly single men, are enter-tained by mine host Amer Humpirey. The carpenter work, under the direction of William Fitzsimmons, an old timer with the company, is bouning up as fast as or cumstances will permit. Joseph II. Vanal-the well known railroad man, with a crowd of hands, is fast fuffilling prophecy by DEVELANG HOW & MOUNTAINS AND PILLING I

thereby making a vast plain of one of the most rugged countries in the west.

But coal mining and railread building are not the only industries being carried on here. Mr. R. S. Robinson, of Salt Lake of the Mr. R. S. Robinson, of Salt Lake of the West.

Salty, who, in the interest of the Plensant Valley Coal company, for the past two years, has been experimenting with the different coals in Utah, for the purpose of making Utah self-supporting in the color business, and failing in every respect until the discovery of the coal found here, has a force of men engaged in the construction, of bake overs, sitzeen of which are completed. A number of them are in operation, and, though having to contend with many difficulties, are now turning out color equal to any in the country. Mr. Robinson, having given such saltistaction to the company, in addition to his present duties, has just been called upon to superintend the construction of all railroad bridges on the D. & R. G. in Utah.

A steam engine has just arrived, and the remainder of the machinery to crush the PROTESTS AGAINST THE UTAH WESTERS.

A protest was received from Alfred Solomon, John L. Nebeker and others, protesting against the council's granting a right of way to the Utah Western railway along Fourish West street.

Another petition headed by G. H. C. Glibs with the same pica incorporated was also road. Both were referred to the committee on streets with instructions to recommend the granting of no more franchises to pages corporations.

A gentle reminder was received from Parloy P. Pratt, informing the council that while it had voted him remaneration for the land talon from him to be used as a street, he had as yet been mable to find anyone who was ready to carry out the decree of the council.

The communication was laid on the table in the carting of the council.

A steam engine has just arrived, and the remainder of the machinery to crush the coal is on the way now, and Superintend-ent Goss is determined that in a short space of time the importation of coke will be

A THING OF THE PAST.

The communication was laid on the table and the action of the council adopting the The whole of the husiness being corried on here is under the wa'chful eye of our genial friend, W. G. Sharp, was as highly respected for the stand he takes aradhet the introduction of intoxicating drinks in the

introduction of intoxicating drinks in the camp.

Application has been made to the nost master for a postofire, with Harry Nellison as postmaster; if received, Harry will be the right man for all concerned. In abilition to the work being carried on here Superintendent Gess, who is ever awalo to the interests of the company, has the canon crowded full of mon tunneling through the mountains and straightening the natroad wherever it can be done, and with the fine rock which the canon produces, intends to replace all the bridges with the best that labor and skill can produce, thereby making the Little Giant equal if not superior to any road in the United Sinies.
